Funding Requested for Fall Semester		

Please provide a detailed description on how the club benefits Bioresource Engineering students. Please include the purpose of the club and specific events hosted by the club.

What are the Clubs other sources of funding?

Please fill in a detailed list of the expenses that form the amount requested. Do not include items that have already been covered by other student society funding (MCSS). BESS will not fund food for closed events. All expenses that can receive funding need to be delegated to a specific item, miscellaneous expenses will not be funded. It is also important to specify if an item will be used for consumption by club members or sold as a fundraiser for the club.
